JUNIOR LEAGUE OF COLORADO SPRINGS

FOSTERING CHANGE FUND

PURPOSE

The Fostering Change Fund seeks to assist individuals in Colorado Springs, CO with specific, short-term monetary needs. The Junior League of Colorado Springs Fostering Change Fund committee will choose requests that directly relate to our focus area of Fostering Change: efforts to provide resources to current and former foster youth focused on the risk factors associated with aging out of foster care, such as homelessness, human trafficking, and domestic violence.

Fostering Change grants are reflective of the Junior League of Colorado Springs' efforts to participate in community-based collaborative partnerships that work to broaden the educational, cultural, recreational, and health opportunities for children and young adults living in Colorado Springs and to promote volunteerism among women in the community. The Junior League of Colorado Springs builds partnerships and seeks solutions that make a lasting impact on our ever-changing community by improving systems and services of importance in our community. Our mission is to develop and support the civic leadership skills of our members in philanthropy, advocacy and public service.

During the initial phase of the Fund, individuals will have priority for funding. During the second phase, organizational grants may be considered on a case-by-case basis. Organizations seeking Junior League assistance will be encouraged to reach out to the Community Outreach Vice President, community@jlcOLORADSPRINGS.org.

Fostering Change Fund grant requests may be made for up to \$1,500. The projects funded represent the League's commitment to our community; therefore, grants are awarded primarily in the following areas:

Health and Wellbeing
Educational Support

Cultural Development
Living Expenses
